

APEGBC 2007  
**Annual  
Conference & AGM**

Unlimited Possibility

**BC's Premiere Engineering & Geoscience Event**

Professional Engineers  
and Geoscientists of BC

October 25-27, 2007  
**TELUS Whistler  
Conference Centre**  
Whistler, British Columbia

The **APEGBC 2007 Annual Conference** — this year in beautiful Whistler, British Columbia — provides sponsors and exhibitors with unlimited possibility to forge lasting partnerships with over 700 professional engineers and geoscientists, government representatives, industry leaders and consultants. This year APEGBC has expanded its sponsorship and exhibitor opportunities to provide greater exposure at the event.

## SPONSORS

Sponsorships not only demonstrate support for the industry and the professions, they also remind clients that business relationships have a high-profile presence in the engineering and geoscience communities. APEGBC's Annual Conference allows new partnerships to begin and long-term ones to strengthen.

Conference sponsors enjoy visibility before, during and after the event through prominent recognition on promotional material. New sponsorship opportunities include conference delegate bags, a conference E-Centre, water bottles and note pads. Additional exposure through signage and the conference website, as well as acknowledgement at the events, is designed to further amplify the sponsor's presence.

## EXHIBITORS

Conference exhibitors benefit from opportunities to generate leads and meet clients through events in the Tradeshow area. This year's Tradeshow will host an E-Centre, where delegates can check their email and/or go online, and four coffee breaks. Also, an exhibitors' reception will feature a BC wine and beer tasting. These opportunities are all designed to maximize interaction between delegates and exhibitors.

## PLATINUM SPONSOR \$8,000
