

The Association of
PROFESSIONAL ENGINEERS AND GEOSCIENTISTS
of the Province of British Columbia

LIMITED LICENCE

Kavinder Singh Dhillon has signed an undertaking and is therefore authorized to engage in the practice of Professional Engineering in the Province of British Columbia, within the limited scope as specified hereunder:

To develop, supervise and execute electrical testing programs for certifying electrical products designed and manufactured by others, to meet the requirements of the applicable electrical standards and to issue certificates of compliance.

Limitations

Practice is limited to testing programs leading to the certification of electrical/electronic products/systems to existing electrical/electronic standards and/or regulatory procedures. Environmental concerns and tests are recognized as part of these procedures.

Work involves only products/systems designed and manufactured by others.

Retain or assist clients in retaining Professional Engineers or other specialized services for those tasks that lie outside the licensee's Scope of Practice.

Exclusions:

No involvement in the design or modification of the products/systems under test, other than to inform clients of the deviation from the applicable standard and the degree to which correction must be made to become compliant. Designs that involve derivations from first principles are to be particularly avoided.
