

The Association of
PROFESSIONAL ENGINEERS AND GEOSCIENTISTS
of the Province of British Columbia

LIMITED LICENCE

James Lowrie has signed an undertaking and is therefore authorized to engage in the practice of Professional Engineering within the Province of British Columbia, within the limited scope as specified hereunder:

Professional engineering within the civil discipline limited to: provision and management of conventional municipal infrastructure for residential, commercial, industrial and institutional developments

With the following limitations:

- 1. The detailed design of roads, storm and sanitary sewers, sanitary force mains and associated sanitary pump stations, water distribution systems, stormwater detention facilities with siltation controls, in accordance with design criteria in typical municipal subdivisions control bylaws as required for standard municipal developments.**
- 2. Preparation and issuance of technical specifications and contract documents for the tendering and construction of the above infrastructure.**
- 3. Administration of construction contracts outlined in 2. above to monitor adherence to the contract documents, certify payment for work satisfactorily complete and certify record drawings for infrastructure maintenance.**
- 4. Manage consultants providing municipal infrastructure works and services on behalf of private development.**
