

The Association of  
**PROFESSIONAL ENGINEERS AND GEOSCIENTISTS**  
of the Province of British Columbia

## LIMITED LICENCE

**Ronald Gordon Rittich** has signed an undertaking and is therefore authorized to engage in the practice of Professional Engineering in the Province of British Columbia, within the limited scope as specified hereunder:

**Professional Engineering within the civil discipline, limited to: provision of civil infrastructure (Roads and Services) required for development of residential and light commercial and industrial areas, all in accordance with standard municipal requirements.**

**With the following limitations:**

- 1. The detailed design of urban roads, parking lots, storm and sanitary gravity sewers, sanitary sewer force mains, water mains, site grading, stormwater detention facilities, and siltation control measures, all in accordance with standard design criteria commonly prescribed in typical municipal subdivision control bylaws and/or in accordance with standard municipal requirements for on-site development.**
- 2. Conceptual design and performance requirements for sanitary pump stations, as necessary for the provision of detailed design drawings and specifications typically provided by the appropriate equipment suppliers, all in accordance with standard municipal requirements.**
- 3. Issuance of technical specification and contract documents as necessary for the tendering and construction of the above described infrastructure.**
- 4. Administration of construction contracts for the above described infrastructure, including monitoring of construction for adherence to the contract documents, certification and payment for the work performed, and certification of the record drawings.**
- 5. All work undertaken shall be strictly within the civil municipal discipline and shall be limited to the provision of site servicing infrastructure for residential and light commercial and industrial areas.**
