

The Association of
PROFESSIONAL ENGINEERS AND GEOSCIENTISTS
of the Province of British Columbia

LIMITED LICENCE

Keith Trulson has signed an undertaking and is therefore authorized to engage in the practice of Professional Engineering in the Province of British Columbia, within the limited scope as specified hereunder:

Design, field reviews and evaluation of water-based fire suppression systems for compliance with National Fire Protection Association design standards and system design criteria developed by other fire protection engineers.

Restrictions:

The scope of practice for this certificate holder is limited to perform system design, field reviews and the evaluation of water-based fire suppression systems in compliance with National Fire Protection Association design standards and system design criteria developed by other fire protection engineers. This certificate holder is not permitted to develop any water-based fire protection equivalencies nor to develop performance based sprinkler system design criteria.
