

The Association of
PROFESSIONAL ENGINEERS AND GEOSCIENTISTS
of the Province of British Columbia

LIMITED LICENCE

Alexander Isaac Zbar has signed an undertaking and is therefore authorized to engage in the practice of Professional Engineering in the Province of British Columbia, within the limited scope as specified hereunder:

Expected functions and services required for the design, procurement and implementation of plant and process control applications with the use of Programmable Logic Controllers (PLC) and Distributed Control Systems (DCS).

With the following limitations:

- 1. Applications in the forest, food processing, grain handling, fibre processing, and mineral and petrochemical processing industries only.**
- 2. Design involving the applications of Programmable Logic Controllers (PLC), Distributed Control Systems (DCS), Transducers, control valves and instrumentation at utilization voltages of 600 volts ac or below. Design involving the supply and distribution of electric power is outside the scope of practice.**
