

The Association of
PROFESSIONAL ENGINEERS AND GEOSCIENTISTS
of the Province of British Columbia

LIMITED LICENCE

Sean Thomas Moore has signed an undertaking and is therefore authorized to engage in the practice of Professional Engineering in the Province of British Columbia, within the limited scope as specified hereunder:

Professional Engineering within the civil discipline, limited to: provision of civil infrastructure (roads and services) required for development of residential, light commercial and industrial areas, all in accordance with standard municipal requirements, with the following limitations:

- 1. The design of urban roads, parking lots, storm and sanitary gravity sewers, sanitary forcemains, watermains, site grading, and stormwater detention and siltation control facilities, all in accordance with standard design criteria commonly prescribed in standard municipal requirements.*
- 2. Conceptual design and performance requirements for sanitary pump stations, as necessary for the provision of detailed design drawings and specifications typically provided by the appropriate equipment suppliers, all in accordance with standard municipal requirements.*
- 3. Issuance of technical specifications and contract documents as necessary for the tendering and construction of the above described infrastructure.*
- 4. Administration of construction contracts for the above described infrastructure, including monitoring of construction for adherence to the contract documents.*
