

The Association of
PROFESSIONAL ENGINEERS AND GEOSCIENTISTS
of the Province of British Columbia

LIMITED LICENCE

Mitchell Barnett has signed an undertaking and is therefore authorized to engage in the practice of Professional Engineering in the Province of British Columbia, within the limited scope as specified hereunder:

Within the discipline of Software Engineering:

Perform lifecycle activities related to software requirements, design, programming, testing, project management, configuration management and supporting activities.

Take responsibility for software architecture and software design decisions for software applications and software application systems.

Limitations

Software systems that involve a risk to public health and safety are to be reviewed by a professional engineer practicing in software engineering

Granted December 7, 2010
