#### **About APEGBC**

The Association of Professional Engineers and Geoscientists of BC, consisting of some 22,000 members, is the regulatory authority responsible for licensing its members throughout British Columbia. It protects the health, safety and welfare of BC citizens through the promotion and enforcement of the highest standards of practice. Only licensed professional engineers and professional geoscientists are permitted to practice engineering and geoscience in BC under the provision of the Engineers and Geoscientists Acts. For more information about APEGBC, please visit [www.apeg.bc.ca](http://www.apeg.bc.ca).
