

South Central Branch

1st Annual Popsicle Bridge Building Contest

Date: Saturday, March 6, 2004

Time: 10:00 AM - 2:00 PM

Place: UCC Trades & Technology Building

Description:

The goal of the contest is to construct the strongest bridge possible with 100 wood Popsicle sticks and white glue. The bridge must span a 500 mm gap, and a matchbox car must be able to traverse the bridge on a construction paper deck; otherwise, the design of the bridge is left up to the competitor. For contest rules/specifications or registration form, please click [here](#) to download the file.

Rules/

Anyone is welcome to participate.

Registration:

Participants are encouraged to register early.

Registration deadline is February 28, 2004.
