RE: donation

To whom it will concern:

This letter is to send our deepest gratitude for the supportive donation made to your organization:

APEGBC Vancouver Island Branch. We recently received 3342.49 and have been able to move forward.

Our first step was to invest in a good used computer that could allow us to more flexibility. It is exciting to have this happen for us. We will continue to remain in touch and share our evolution. We are inspired by the desire to assist us.

We wish you all every happiness and much much joy. Please remember your generosity allowed others to step into theirs. Together we all make a difference.

Enjoy

Patti Delisle
