

Kerkhoff Engineering is seeking to fill an immediate position of a full time senior structural engineer.

The successful candidate must have an active membership and be in good standing with APEG BC, having a minimum of 10 years engineering experience five being in the Province of BC.

A full understanding of all current building and material codes is a requirement, and eligibility for Struct.Eng certification is an asset. We are looking for good communication skills, and must be able to work as a team player in the office environment.

Salary will be commensurate with experience and qualifications including benefits. Forward resume by email to [info@kerkhoffeng.ca](mailto:info@kerkhoffeng.ca).
