

What's better than having a rewarding career? How about a rewarding career in a fast-growing province with a rich history and a bright future? Short commute times, beautiful scenery and a low cost of living make Saskatchewan the perfect place to live, work and raise a family. Sound appealing?

Consider SaskPower, the province's principal supplier of electricity. We offer some of the best career opportunities in the province, and there's never been a better time to join us. Challenging work, competitive salaries, attractive benefits, professional development, career advancement opportunities and the chance to become involved in your community await you. Become a part of our growing team and find more than a job—find the career you've been waiting for and a great place to call home.

Engineer, Protection Design

(job #CAAR 668920) Regina, Saskatchewan

The Engineer, Protection Design is responsible for the development, design, installation/commissioning support and operational technical support of protection and recording systems to ensure adequate protection and safe operation of the electrical facilities. This includes the prevention or limiting of damage to equipment and maintaining effective customer service.

The successful applicant will have a University degree in electrical engineering with specialization in Power Systems. You must be eligible for membership in the Association of Professional Engineers and Geoscientists of Saskatchewan. You possess extensive experience in power system engineering field and have a high level of experience with the application of protective relaying systems on transmission and generation facilities. You are known for strong interpersonal, communication and coaching skills and have the ability to lead projects in a changing environment.

Candidates possessing less than qualifications noted above may also be considered.

The closing date for this competition is January 10, 2012.

We thank all applicants for their interest; however, only those being interviewed will be contacted. For more information and to apply online, please visit saskpower.com/careers, or send your resume making clear reference to position #, to:
